

March 14 1940

Mr. J.B. Greer
711 Davis St.
Jacksonville Fla.

Dear Mr. Greer:

I decided I had better write you as I know you must be getting a little concerned as I am over not having a definite answer about Savannah.

I do not understand what has happened, that I haven't received the contract for the park. In fact I have not heard from the man in Savannah for several days. I decided to write you and tell you to go ahead and arrange something else for yourself, as I would not want to keep you waiting on me and then not have things pan out right.

I know I cannot have the park for the 7th, as The Newark Bears are playing there on that date, but I was expecting it for the 14th, and some nights.

I will write you as soon as I hear from them, and if I get any nights we will play if possible, but I think you should arrange something else for yourself for the 14th, as you will not want to be idle that day.

I have decided not to go to camp until the 7th as I could not get the park for that day.

I am sorry to have disappointed you. Things may still work out alright.

Very Truly Yours
